For the **Android APP**, simply go to the **Google Play Store** and search for **EMKAY** or **Driver 360**°.

continue from Features

Features

The Driver 360 app includes great features that make operating and maintaining your vehicle incredibly simple. Whether you need to request roadside assistance, access preventative maintenance vouchers, or use the mileage tracker to automatically track and report your personal mileage, Driver 360 is packed with innovative features.

Registration

Once the Driver 360 app has been installed, registering your vehicle is very simple.

- Enter your EMKAY vehicle number and your last name
- Create a passcode (max of 6 digits). This numerical passcode helps you to login very quickly.
- Create a security question and answer combination to use in the event you forget your login passcode. You need to type both the question and the case-sensitive response for this section.
